Cost of differentiability: Plummer Φ gradient vs value (GPU, float64)
(a) value (solid) vs gradient (dashed)
throughput (points / second)
array length N
jax value
jax grad
torch value
torch grad
(b) reverse-mode autodiff overhead
gradient wall-time / value wall-time
array length N
jax: grad / value
torch: grad / value
value cost
GPU: NVIDIA TITAN Xp · jax 0.10.1 · torch 2.12.0+cu126
